WE OFFER A FULL CUTTING SERVICE

- Corriboard
- Foamboard
- Polystyrene
- Alum. Composite
- Polycarbonate
- Wall Clad
- Multi-wall

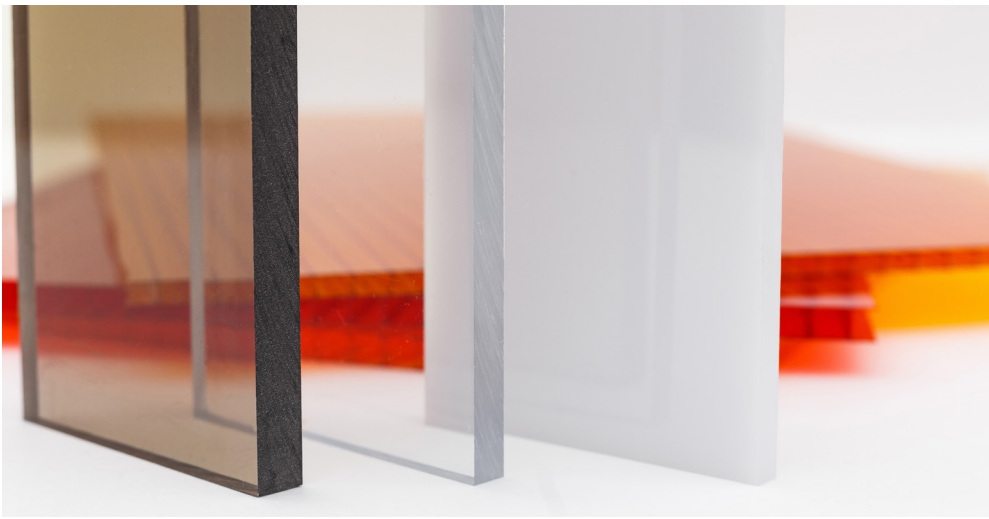

CLEAR ACRYLIC SHEETS

Light transmission, hard wearing and weather resistant. Used for POS & fabricated applications.

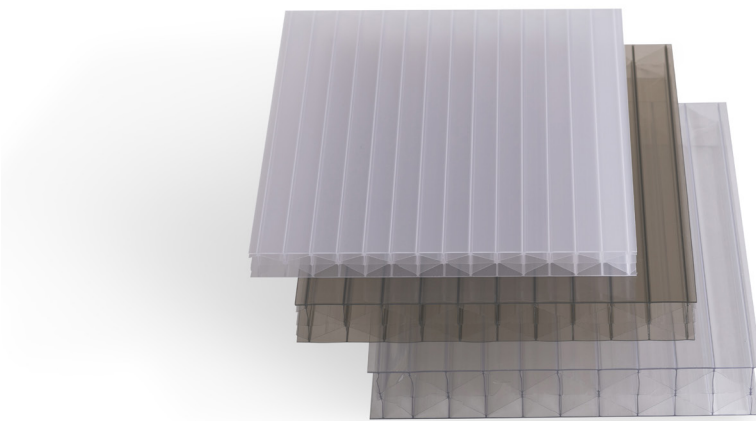

CLEAR POLYSTYRENE SHEETS FROM 8FT X4FT

Economical, cost effective glazing and fabrication material. Suitable for glazing and the fabrication of personal protection equipment such as clear protection screens.

PERSPEX EXTRUDED ACRYLIC CLEAR

Lighter and stronger than glass of the same thickness. Suitable for indoor and display uses - for external uses, we usually recommend perspex sheets.

SUNLITE MULTIWALL POLYCARBONATE SHEET

Multiwall polycarbonate sheets are lightweight and impact resistant and provide superior thermal insulation. High light transmission makes SUNLITE ideal for varied roofing, wall cladding, and glazing applications.

ALUMINIUM COMPOSITE SHEET FROM 8FT X 4FT

Light, rigid fabrication grade aluminium composite sheet. Aluminium composite sheet surface is coated on one side with a high resistance polyester.

PVC WALL CLADDING SYSTEMS PRIME HYGIENIC & PRO HYGIENIC

Cladding system made up of solid PVC panels and numerous installation accessories that guarantee a clean, professional installation. It provides active antimicrobial protection and facilitates high levels of sanitation.

1993

Walsh Graphics was founded by John, Rose and Michael Walsh in their home garage in 1993.

1999

We hired our first member of staff Sue Curran. Who is still a very important member of staff today.

2002

Walsh Graphics continued to expand. We moved to a new office in Little Island, Cork.

2012

Our website launched and to this day is continuing to grow. It was a ground breaking decision for the future growth of the company.

2017

We expanded to Dublin. Our showroom opened on the 26th of April.

2020

Adapting to new challenges has seen us grow in emerging markets. Powered by our staff's knowledge and drive, we continue to seek out the best quality for our customers.
